There are basically **4 steps** to legalize documents  
so they may be used in another country

Document authentication  
(notary/courthouse/government)

1

Document apostille (by  
country/state of origin)

2

Document translation in to language  
of destination country.

3

Document legalization in Colombia  
or receiving country (where  
applicable).

4

We are connected with the more **than 800 notaries** and registry offices across  
Colombia to be able to quickly apostille your documents in as little as 24 hours
